

# VIBRATING RIPPER

## Excavator Attachment

The RAMRADE Vibrating Ripper has been specially designed for medium hardness materials. It is ideal for applications that are too hard for a traditional bucket and too soft for a rock breaker.

Specifications	Unit	RVS2200	RVS3300	RVS4900
Machine Size	Tonne	20-28	30-40	43-60
Oil Pressure Range	Bar	200-220	200-220	200-220
	PSI	2900-3190	2900-3190	2900-3190
Maximum Oil Flow	LPM	180	200	230
Frequency	RPM	1700	1600	1600
Weight	Kg	2200	3300	4900

### KEY FEATURES

- Size Range to Suit 20 to 60 Tonne Excavators
- Modern Design with Quality Robust Construction
- Lower Noise Technology
