

CONCRETE BUCKET

Skid Steer Attachment

The RAMRADE Concrete Bucket has been designed for small batch concreting and is ideal for remote locations where pre-mixed concrete isn't readily available.

Specifications	Unit	BM250	BM350	BM450	BM600
Load Capacity	L	250	350	450	600
Width	mm	1480	1580	1630	1900
Oil Flow Range	LPM	40 - 90	50 - 90	70 - 90	75 - 115
Weight	Kg	380	425	450	630
Weight at max load	Kg	980	1237	1525	2390

KEY FEATURES

- Unloader Pipe Included
- Safety Grill with Bag Breaker
- Includes Hoses and Couplings
- Italian Designed and Manufactured
- Hydraulic Opening at the Bottom
- High Strength Spiral Design Paddles
