

# Wacker Neuson DV60

The Wacker Neuson DV60 is safe like a truck and compact like a dumper. The driver's cab concept allows the operator to turn the seat and console 180 degrees to determine the viewing and driving direction, allowing more efficient earthmoving.

## KEY FEATURES

- Fold-down ROPS for low passage heights and easy transport
- Viewing camera
- Articulated pendulum joint adapts to unevenness
- Ideally equipped for working at night
- 180 degree rotation of the entire operator's cab

**MAX SAFE CARRYING WEIGHT:** 6,000KG | **LEVELLED CAPACITY:** 2,350L | **HEAPED CAPACITY:** 3,150L
