

RAMRADE Multi Grab Bucket

The RAMRADE Multi-Grab Bucket is a highly durable, heavily constructed bucket with a 'hydraulic thumb' fitted for extra functionality. It allows the operator to pick up items and still move within the full crowding area of the excavator.

KEY FEATURES

- Removable protection plates around the RAM
- Fitted with an extra large hydraulic cylinder, ensuring maximum force output and grab strength
- Specifically designed swing bearings for durability
- Solid cast teeth with hard wear facing reduce any chance of breakage
- Excellent crushing and holding pressure

WHAT'S INCLUDED

Standard Pins
